

Minutes of Meeting Buffalo Coullee Municipal Council

Council meeting was held in Sal-taux school with C. Hetherington, Phessey, Ramsay, Hills, Dew and Currey present and Reeve Phessey presiding.

Minutes of August 8th meeting were read and after correction, time-sheets 11 for 60.75 and 61 for 92.50 being for relief, are to be charged to Mun. alc and not to Divisions, were adopted on motion of Cr. Dew.

A letter was read from the Bureau of Relief, File M.D. 453-13870, dated Sept. 1, re H. Guyon. Sec'y to investigate and reply. Cr. Hills reported having given emergent relief to the amount of \$8 to Mr. Gibson which was approved on motion of Cr. Dew. Cr. Hills carried that relief in the a-

mount of 3.50 for August for R. Erickson be approved.

Further correspondence was read re deportation of Jno. Kane and family. Mr. Kane was present and agreed that he would furnish evidence and guarantees that he would not become a public charge in Scotland. Sec'y was instructed to write the Soldier Settlement Director at Ottawa in the matter.

Several ratepayers who had received Seed Grain Advances were present to request that part payment be accepted and balance be carried over to next year, in some cases advising that if full payment were made that relief would be required. The council would not reduce the payment

in any case and advised if anyone had to have relief it would be given. Mr. T. G. Uphill agreed to deliver his grain and pay for the Seed and was given 5 days' work drawing gravel at 3.50 per day as relief for month of September and is to be paid 10c per load for the gravel, such amount to be applied on taxes.

Cr. Hills carried that a final notice be sent in all cases where lands were included in 1935 Tax Sale and are now liable to forfeiture, advising that if payment of arrears of taxes is not made in 30 days that final acquisition will be made.

Hon. W. A. Follow's reply to our communication re Prosperity Bonds was read, when Cr. Ramsay carried that same was very unsatisfactory.

Councillors reported complaints re weeds on N.W. 6-49-7-4 and Sec. 9-48-7-4. Sec'y instructed to phone Mr. Emmott to inspect these lands.

Cr. Ramsay carried that timesheets

United Church Notes

Services for next Sunday, Oct. 4th: Passchendaele, 11 a.m.; Crescent Hill, 3 p.m.; Irma, 7:30 p.m. Don't forget to come and hear Dr. Barker at the evening service in the Irma church. Friends will also note that the service now begins at 7:30; be in your place on time—your presence will help to show the visiting preacher that he is a welcome guest.

Alvin Cooper, Boys' Work Secretary, had a good time with the Irma group last Wednesday, and before leaving expressed his pleasure at meeting and mixing with such a live and promising bunch of boys. In the morning Mr. Cooper visited the high school, where the teachers kindly allowed him to address the scholars briefly; and in the afternoon he was present at the practice for the forthcoming track meet at Viking, when he commended most highly the hearty co-operation between teachers and scholars in preparation for this event, and stated that he fully expected that the Irma contingent would render a good account of themselves.

The evening meeting was opened with the regular ceremonies of the Trail Ranger and Explorer groups; after which Bob Charter and Jimmy Sonoff extended hearty greetings to the honored and welcome guest, Mr. Reeds, Mr. Larson and Mr. Martin, together with Mr. N. S. Johnson and Mr. Kemp were also present. The speeches were commendably brief and said just the right thing in the right way. Clarence Carter then led the groups in the familiar "Bai Bai" yell of welcome. Mr. Cooper then delivered an informing and pleasing speech which touched on many activities of the Boys' Work program and answered questions in regard to them. Recreation period followed, when Mr. Cooper introduced several new games. "Easi" came next and were despatched in the usual boyish manner; then a sing-song to assist the process of digestion—and everybody happy. In closing Mr. Cooper sang the Omaha tribal prayer with telling effect. "Day is done, gone the sun, 'Safe' 'God is night." "Thus for the day, comrade," was a fitting expression of appreciation to the Boys' Work Secretary and the rest of the fellows for their particular share in making the day of his visit such a memorable experience.

Kinsella Kernels.

Mr. W. Carpenter went to the city Monday, where he has accepted a job with the new packing plant. Mrs. Carpenter and Ronnie will remain here for a few weeks until Mr. Carpenter locates suitable living quarters.

Mr. D. Corbett is holidaying in the city and other points for a couple of weeks. Mrs. Corbett is relieving at the post office.

We are so glad to report Miss Edith Watson as being so much improved that she left the hospital over the week-end.

Mrs. Fred Hijak, who underwent an operation in Edmonton last week is reported as getting along very nicely.

Mr. Seth Witton spent the week-end in the city.

Mr. and Mrs. W. J. Fleming and family of Holden spent Sunday with Mr. and Mrs. W. W. Kerns.

Miss Irene Ross spent the week-end with her aunt, Mrs. P. J. Wangness.

Mrs. James Murray and Mrs. P. Huse returned Sunday from Prince George, B.C., where they have been visiting the past three weeks.

NEWS ITEMS FROM JARROW

Miss Janet McNabb and wee Arthur Boyd are visiting friends in Edmonton and Westlock.

Mrs. I. Matthew has returned to her home in Jarrow, after being away most of the summer.

Several of the school children are entering the field day sports to be held in Viking on Saturday.

Miss Eileen Meakin of Jarrow and Mr. T. Prior of Irma were united in marriage on Wed., Sept. 23. The young couple expect to make their home on the Prior farm near Irma.

A meeting of the Board of Trade is called to meet at the hall on Friday evening, Oct. 2nd.

At last the crop is cut and threshed. It averaged about 7 bushels to the acre. Unfortunately few farmers barely got their seed back.

The news just came to hand that our railroad section men are to be moved from Jarrow on the 15th of this month. This is a great blow to our small town. We do not understand why the railroad company moves our men when the government is seeking every means to find work for men rather than supporting them by means of relief.

The annual supper under the auspices of the Ladies' Aid will be held on Friday, Oct. 23rd.

Most members of our Masonic order are spending Thursday afternoon and evening in Viking, where important sessions of the lodge is being held.

We are pleased to hear that the young boy of Carl Lindquist is improving in health.

Sharon Lutheran Church
Rev. Ivar Saugen
Sunday, October 4th
Sunday school, 11 a.m.
Ladies' Aid meeting at Mr. J. B. Gulbraa on Sept. 30 is postponed to October 7th.

Wedding Bells

PRIOR — MEAKINS

A quiet wedding took place in Vermilion on September 23rd, when Eileen Hannah Isabel, eldest daughter of Mr. and Mrs. R. T. Meakins of Jarrow, became the bride of Edmond St. Clair Prior, son of Mr. and Mrs. W. H. Prior, of Orindale. Rev. H. A. Boyd, United church pastor, officiated. The bride was attended by her sisters, Miss Gladys Meakins, while the groom was supported by his brother, Mr. Raymond Prior. Others present were Mr. and Mrs. Earl Guy. Mr. and Mrs. Prior are making their home north of Irma. We wish them health and prosperity.

Obituary

DOREEN PROSSER

Doreen, youngest daughter of Mr. and Mrs. W. Prosser, suddenly passed away on Sunday, Sept. 29, at the age of 16 years. Her death was a great blow to her relatives in view of the fact that Mrs. Prosser has been near the point of death in the Mannville hospital for a considerable length of time.

Mr. and Mrs. Prosser are old-timers in this district, coming here in 1909. Besides her parents she leaves to mourn her loss five brothers, Sherman, Freeman, Melvin, Percy and John, and three sisters, Mrs. R. W. Patterson, Mrs. I. Goodale, and Martha.

The funeral service was held in the Irma United church and was conducted by Rev. E. F. Kemp who delivered a wonderful message of comfort to the bereaved ones. The following acted as pall-bearers: Messrs. Wesley Parsons, Rupert Larson, Edwin Elliott, Wm. Patterson, Earl Goodale and Robt. Close.

Flowers were contributed by the following: Mother, Father, Brothers and Sisters; Mr. and Mrs. E. Guy; Mr. and Mrs. W. H. Prior and family; Coulman Family; Alma Mater and Roseberry Ladies' Aid; Mr. and Mrs. Greer and family; Helen and family; E. J. Jones and family; Miss Robertson and school children; Mrs. P. L. Larson and family; Ross and Mrs. McFarland; Mr. and Mrs. Frickleton; Geo. Wilson.

The remains were buried in the Irma cemetery.

LOYALTY

'Tis a wonderful thing to be loyal
To your country or just to your friend
And to do what you do in earnest,
And not "just only pretend".
For it's not the wealth of a person,
Nor the fame in which he is dressed,
But the loyalty that is within him
Is worth more than all of the rest.

'Tis so great when your friend can
trust you,
And believe that you mean what you
say,
Whether rich or poor your position,
He'll think of you kindly each way;
Then it's not the person who's wealthy
Nor the one who in fame can boast,
But the person that you know is loyal
Is the one you will trust the most.
—Berthold Figur, Minburn, Alta.

PLUG SMOKING TOBACCO

Requisites For Safe Driving

The summer just passed has produced the usual crop of automobile accidents to drivers and passengers in the three prairie provinces. The daily newspapers have duly recorded numerous accidents together with the names of killed and injured and, when the information was available, the causes of these frequent disasters.

It is yet too early to record figures detailing the number of accidents and the toll of dead and injured. These will be available later, but indications are that there will be little, if any, reduction below the 1935 record, despite the safety first campaigns which have been waged by governmental authorities, automobile clubs and commercial organizations interested in the subject, through the public press, over the air and through motion picture presentation.

It does not necessarily follow that such campaigns are a failure, but it seems to indicate that public memory is short lived or that the capacity of automobile drivers to avoid accident, no matter how well-intentioned or how careful they may be, is below par. The latter is probably a close approach to correct diagnosis of the ailment.

Statisticians and experts working on figures and available data on the causes of automobile accidents in the United States last year came to the conclusion that the number of accidents arising from defective equipment or faulty mechanism is comparatively insignificant, from which it follows that the human element, the capacity and capability of the driver, is in the majority of cases, the factor mainly responsible for disasters on the highways.

In other words, a large percentage of automobile accidents, can be reasonably attributed to lack of training or lack of experience on the part of the driver and perhaps in many cases, a combination of the two. This statement does not take into account accidents which can be charged up against recklessness, alcoholism or criminal negligence.

Undoubtedly lack of training and lack of experience are the causes of a number of crashes and the opinion is gaining ground that a substantial percentage of accidents is caused by drivers who are ordinarily careful but who have not had sufficient experience to sense danger in time to avoid it or who, sensing a pending risk, are not skilful enough to resort to the proper course to follow in time to prevent disaster.

In view of these conclusions there is much to be said for the adoption of courses of training for those who intend to operate powerful and speedy motive vehicles over the highways. This might be followed by examination of applicants for operators' licenses for the first time, though it would not be feasible to insist on making such tests the sine qua non for the right to drive for those who have previously been granted licenses. Courses of such a nature, if properly carried out by competent persons would at least partially, if not completely, take care of lack of training.

As for accidents caused by lack of experience, these can only be overcome by experience, supplemented by instruction. That drivers can and do develop a form of road sense which warns them of impending danger is the testimony of Oliver Stewart, writing in a recent issue of The Observer of London, England, where the mounting accident toll is causing grave concern.

The writer explains that in course of time a driver learns to interpret small signs which to a novice would pass unheeded. "A driver on a main road about to pass the entrance to a side road, suddenly slows down. No other vehicle is visible; yet as he reaches the side turning, a motor bicycle comes out of it and turns into the main road. If the driver is questioned as to the reason he slowed down before any other vehicle was visible, he will probably say: 'It's intuition.'"

To Mr. Stewart that is not altogether a satisfactory explanation. He pointed out that in all probability the driver unconsciously registered some small sign that something was coming down the side road, a pedestrian turning his head in that direction or a flock of sparrows taking to flight from the ground or some other indicator.

"The swift interpretation of such things," says Mr. Stewart, "is road sense and it is acquired with practice; but it is much too rarely taught. At first the signs will be seen, but not interpreted; and, in the absence of specific instruction, it is only with long practice that the interpretation can be expected to come without delay."

Houses Strange Collection

Many Interesting Curios To Be Seen In Private Museum

Charles Q. Eldredge, veteran world traveller, who has celebrated his 91st birthday, is the sole owner and curator of the Eldredge free museum at Old Mystic, Connecticut, which boasts of more than 7,000 items collected in the last 81 years.

Early in life Eldredge developed a mania for collecting things, and in 1917 he erected a separate building for his trophies and opened his free museum. Since that time, more than 60,000 persons have viewed the collection, while Eldredge himself has personally conducted 25,612 persons through the building.

The collector is as fond of entertaining as he is of collecting curios. He displayed his love of entertaining friends in 1891 when he returned to Old Mystic after engaging in the building business for 20 years, and built a large recreational centre which he called Riverview. Hundreds of guests from Connecticut and neighboring states have used his bowling alleys, shooting galleries and other amusements.

The museum houses as strange a collection as has ever been assembled. In front of it rests the bleached skeleton of a whale, 90 feet long, the gift of Capt. John C. Spicer of Groton, Conn., who caught it in Hudson Bay in 1879.

An enormous penguin greets the visitor just inside the door. It came from Cape Horn and the card around its neck is typical of the labels Mr. Eldredge has placed on the exhibits. The card reads: "I am sure that you folks, like me, are close readers of the Bible, so you will remember that somewhere it tells about those who have ears and hear not and eyes and see not. Well, here is a bird which has wings and flies not."

Eldredge takes more pride in his souvenirs than in his natural history collection. He has what he believes is the first cannon ball fired against Fort Sumter, and he says that Edmund Ruffin, the fellow who fired that shot, also fired the last shot of the civil war. When he heard that Lee had surrendered he shot himself through the head.

Some of his other prize items are a petrified cocoon, which, he says, dates from 437 A.D. and was found during the digging of the Panama canal; a ship model built in a bottle and which won the world prize for that sort of thing in 1934; a petrified oyster weighing eight and one-half pounds which was found in South Africa in 1865; a piece of wood from the Confederate runabout Merrimac; some wooden hinges used on a barn door for more than 200 years; an almost complete set of all commemorative coins issued by states or the federal government, and several thousand rare postage stamps.

For Brighter Silver

Potato Water Is Said To Give It Extra Sparkle

Few people know that if silver is polished while it is hot the work is halved and the resulting brightness doubled! It is worth while to plan your washing up with this end in view. Leave the silver forks, spoons, teapot and cream jug to the last, pour a little fresh hot water into the basin and wash up the silver, drying it before it has a chance to cool down. Another queer and little known tip for silver is this: To give an extra sparkle for a special dinner party, soak it for a moment in the water that the potatoes were boiled in. Dry it while still hot and the result will be amazing.

SELECTED RECIPES

DATE MUFFINS

$\frac{1}{2}$ cup shortening
1 egg
2 cups flour
2 teaspoons Magic Baking Powder
 $\frac{1}{2}$ teaspoon salt
 $\frac{3}{4}$ cup milk
1 cup dates, pitted and chopped.
Cream shortening, add beaten egg, flour in which baking powder and salt have been sifted, and milk. Add dates. Bake about 25 minutes in greased gem pans in moderate oven at 400 degrees F.
For sweet muffins sift $\frac{1}{4}$ cup sugar with dry ingredients.

Teacher—"Johnnie, you must bring a written excuse for being absent yesterday, from the head of your family."

Johnnie—"She's away on a fortnight's holiday, ma'am; shall I bring one from me father?"

Pupils in Scotland have to get through about three times as many books, in the school year, as do London school children.

Great Britain is standardizing all brass foundry products. 2189

Women In Banking

Few, If Any, Hold Positions Of Responsibility In Canada

Very few, if any, Canadian women, hold positions of responsibility with the banks. It is a field in which thus far the mere male has been able to stave off the feminine onslaught into the business world.

But in the United States, the number of lady bankers is sufficiently great to warrant an association of their own—the Association of Bank Women. This group will convene about the middle of October, just before the convention of the American Bankers' Association.

Offices held by members of the fair sex included in the association's roster run the entire gamut of the banking profession from president down. Included are presidents, vice-presidents, cashiers, trust officers, statisticians, directors, branch managers, and managers of departments such as exchange, collection, publicity, savings.

Taking More Medicine

The growing consumption of medicine in England is worrying Sir Kingsley Wood, minister of health.

"We are rapidly becoming a nation of medicine drinkers," he said in a speech to the House of Commons. The cost of medicine per head in England, he said, is double that in Scotland.

May Increase Duty

Britain Likely To Get Revenue From Foreign-Made Flags

Foreign-made flags, pictures of the King and other articles suitable for the coronation may be subjected to higher import duties.

Increases are being considered on articles for use in or commemorating the coronation, or as souvenirs, which have a representation of the King or any member of the royal family, any royal emblem, or bear a flag of any country in the British Empire, or are in any way suitable for the coronation.

An improvement in the gear wheels of dial telephones now permits them to live through 5,000,000 operations instead of 100,000 as formerly.

Producing New Paper

Russian Scientists Claim It Will Last 1,000 Years

A new brand of paper—so strong that it will "last 1,000 years"—has been invented by scientists at the Leningrad laboratory of preservation and restoration of documents, it is claimed.

The formula for the paper was discovered as a result of studying Egyptian and other ancient kinds of paper.

According to the director of the laboratory, Professor Tikhonov, production of the new paper will cost no more than the manufacture of ordinary paper.

The groundhog and the woodchuck are the same animal, the former name being given to the animal in the eastern states.

EQUAL TO THE best
ELECTRIC SET
reception

IMAGINE AN "A" BATTERY which didn't have to be re-charged and which didn't lose its power gradually but maintained its peak to the very end.

And imagine that this battery gave perfect service not for just two or three months but for 1000 playing hours.

Wouldn't you jump at the chance of having such a marvel in your own set?

The opportunity is yours! Your dealer has just such a battery. It's called Eveready Air Cell and does everything the ideal "A" battery should do. It actually maintains itself by simply breathing air—and its power scarcely fluctuates for 1000 playing hours.

The Function of Life Insurance

There is scarcely a citizen in Canada who has not at some time or other been approached by a representative of a life insurance company and had the importance and advantages of owning a life insurance policy explained to them. As a result of this personal solicitation and newspaper and other forms of advertising, and also beneficial results seen from actual cases where a life insurance policy has been a godsend to a bereaved family, hundreds of thousands of citizens have and are now owners of life insurance policies. The varied benefits are too numerous to mention here, but the commercial, business, savings and investment features of a life insurance policy have long ago been established. Statistics show that these large companies are practically owned by the policy holders whose premiums are and have been invested in public utility, municipal, government, and industrial bonds, mortgages and other assets. The Life Insurance Services of Canada are co-operating in presenting certain facts that have a bearing on the stability of these investments, in a series of advertisements that will appear in this paper during the next few months, the first one being published on the front page this week. A careful perusal of these advertisements by policy and non-policy

holders should prove interesting and instructive, and also point out a timely warning as to the trend of the times.

W. C. T. U. NOTES

General officers elected at the annual meeting of the local W.C.T.U. held in the United church on Thursday afternoon, Sept. 24, were the same as last year:

President, Mrs. Nancy O. Parke; Vice-Pres., Mrs. Carrie Coffin; Sec'y, Mrs. Amy Locke; Treas., Mrs. Anna Osterhout; Members appointed to superintendences—Evangelistic and Christian Citizenship, Mrs. Osterhout; Sunday School, Mrs. Locke; Social Hygiene and Pulpit Meetings, Mrs. Parke; Travellers' Aid, Mrs. Arnold; Medical Temperance, Mrs. Locke; Press Work, Mrs. Parke; Peace and Arbitration, Mrs. Coffin; Legislation and Petition, Mrs. Locke; Scientific Temperance, left open temporarily; Lord's Day Observance, Rev. E. F. Kemp.

Both Mrs. Locke and Mrs. Parke were mentioned as possible delegates to the Provincial Convention to be held in the Salvation Army Citadel, Edmonton, Oct. 7-8-9.

All active members were present, one honorary member, and one visitor. Rev. E. F. Kemp led in specially appropriate opening and closing prayers.

ALBERT ANTICS

Mrs. G. Gordon, who has been visiting her sister, Mrs. H. H. Currie, has returned to her home in the East.

Mrs. Archie Fleming, nee Peggy Dew, is back from Mannville with her bonny baby boy.

Commandant John Hardy is here again. John comes and goes so unexpectedly that some day, we actually fear, that when he is coming he will meet himself going.

The last meeting of the W.I. was held at the home of G. W. Hardy, with Mrs. C. V. Larson and Mrs. Robt. Johnson as tea hostesses. The next meeting will be held at the home of Mrs. Hay.

Our brand new bride and groom, Mr. and Mrs. C. Urquhart, are at home in the "tree house over the hill".

The contract bridge wizards meet with Mr. Hay this week. The honest efforts of these gentlemen to raise the intellectual standard of our district is laudable and we confidently feel that, with the following acquisitions, they would make a team of truly outstanding merit: A new bookkeeper, an auditor, an adding machine and four good players.

L. Bross, L. Currie and D. Currie went north for a load of lumber and remained a few days to fish.

Ralph Lukens and R. Ramsay made a trip by car last week, touching at Tadsby, Halkirk and various points south.

Happy Hikers, headed by Mrs. Griffiths, have re-organized with the following line-up: Pres., Wilma Currie; Vice-Pres., Edna Jones; Sec'y, Mina Currie; Treas., Evelyn McRoberts. We hear rumors that these young ladies, assisted by some of the older ones and by a few of the ever-esteemed gents, are planning on staging an entertainment about the latter part of October. Watch for further notice.

Mr. and Mrs. W. D. Ramsay, Mr. and Mrs. G. H. Currie and Mr. B. Devanny were dinner guests last Sunday at the home of Mr. Carl Bjork.

The "Happy Hikers" of the Albert C.G.I.T., plan a missionary party at the home of Mr. and Mrs. Griffiths for Wednesday evening, Sept. 30th.

The Alma Mater and Roseberry Ladies' Aid will hold their annual bazaar and supper in the Roseberry school on October 30. Watch for further announcement.

THE U. OF A. ON THE AIR

The University of Alberta is arranging a very fine educational course in many subjects to be given over the radio. Music, languages, science, literature, etc., will be featured by leading professors.

GFCN is co-operating with the University in this series. Write to the Dept. of Extension for the Radio Bulletin giving full details of the fall programs. The opening program will be broadcast Friday, Oct. 2nd.

Main Street

Mr. J. Pihlirney is opening a restaurant at Becsco's old stand.

Mr. and Mrs. MacMillan and Mrs. J. Fletcher motored to the city on Tuesday evening.

Miss Phyllis Erickson is taking the high school course at Camrose Lutheran college.

Mrs. N. S. Johnson went to Edmonton on Wednesday, Sept. 30th, for medical treatment.

Miss Leri, teacher of Battle Heights school, spent the week-end with her sister, Mrs. Olive Sather.

The date set for the Irma Ladies' Aid Thanksgiving supper and program is Friday, October 9th.

Mr. E. Fenton made a business trip to Edmonton Wednesday morning. Mr. Bob Dempsey accompanied him.

Mr. Lloyd Erickson left last Monday for Calgary, where he will take a course in electricity at the technical school.

Stucco work has been started on Messrs. E. L. Elford's, W. N. Frickleton's and Mr. K. McLeod's residences during the past week.

The box social and dance at Sunny Brae school in aid of the Christmas tree fund, was well attended and all report having a jolly time.

We understand that Mr. Calvin Urquhart and Miss Elizabeth Higgins were married in Edmonton last week but so far we have no details.

The Sharon Ladies' Aid are holding their annual sale in the church on Saturday, Oct. 10, at 2 p.m. Supper will also be served. Everybody welcome.

Miss Phyllis Thurston was a visitor in Irma last Tuesday. Miss Thurston has accepted a position in Vermilion where she went for a visit with Mrs. Beacock.

The Irma Branch of the Canadian Legion are holding a general meeting in Hedley's hall on Saturday, Oct. 3, at 8 p.m. The Ladies' Auxiliary will also meet at the same time. A good attendance is requested.

The regular meeting of the Ladies' Aid will be at Mrs. Arnold's next Thursday, Oct. 8th. Devotionals by Mrs. G. Fenton, paper on Thanksgiving by Mrs. Locke, Hostesses, Mrs. Hager and Mrs. Maguire.

Mr. and Mrs. W. Prosser and family wish to thank their many friends, particularly Rev. E. F. Kemp and Mr. J. Fletcher, for their kind services, and to all those who contributed flowers and helped in other ways at the time of their recent sad bereavement.

Mrs. Isabel McDougall wishes to announce that she has some household goods, including a Winnipeg couch, extension table, oil stove with oven, kitchen range and other articles, which she wishes to sell privately. Anyone interested please call at her residence. Mrs. McDougall is planning to go to Toronto to live with relatives as soon as possible.
